**Course Description:**

Classic Cyclocross Course with two sets of barriers and variable terrain including grass, pavement, and gravel. The 2-3 KM closed course makes it great for spectators. Course will be flowing and difficult, making use of natural climbs / run-ups, off cambers sections, and endless cornering. Look for some wide open power sections and enough technical riding to make it a true crosser's course. RAIN OR SHINE EVENT, but promoter reserves the right to cancel for damaging or dangerous conditions. Course map is available at [www.townhallcross.com](http://www.townhallcross.com). Great tune up for Granogue!
