Aubrey, TX (“Horse Country USA”) is a small community a few miles Northeast of Denton.

The short course is a 20K “out and back” on Highway 428, starting and finishing at the Aubrey Middle School. Hwy 428 is a two lane asphalt road with smooth, wide shoulders and more climbs than your average TT.

The 40K course is new for 2013. There is no shoulder for the additional roads. There will be signage, police and/or volunteers at the various intersections and stop signs to control traffic, but this is still an OPEN COURSE. Be safe, ride smart, and don’t play chicken with cars. They always win.
