- M 1/2/3/A Scratch
- W Scratch
- M/3/4/B/C Points
- M 1/2/3/A Points
- W Points
- Coed Team Sprint

Collegiate Overall Omnium and Team Omnium

Collegiate omnium and team omnium winners will be determined in the same manner used at Collegiate Track Nationals. Scores from each riders' best three events – with the caveat that at least one must be a "sprint" event and one must be an "endurance" event – will be added together for each rider. The rider with the highest total in each gender and collegiate category will be named conference champion. The team champion will be determined by the sum of individual rider scores, using the tables outlined in the USAC rulebook.

Coed Team Sprint

A coed team sprint consists of 6 laps, 2 of which must be led by a female rider. Teams may have up to 6 riders. An individual rider may lead more than one lap, but he or she must do so consecutively.

Registration

Registration fee is \$20 pre-reg (\$30 day of) for first event of the weekend, and \$3 for each additional event (\$5 day of). Pre-register through usacycling.org. Day-of registration opens **1 hour prior to session start times and closes 15 minutes prior to start times.**

Prizes

There will be no cash or merchandise prizes for this event. Prizes may be given, and will be announced on the day of the event. Medals will be awarded for the collegiate overall omnium.

Collegiate Championship Eligibility

To be eligible for WCCC championship consideration, riders must be a member of a collegiate club within the WCCC and a current USAC license holder. There is no requirement for riders to be US citizens or permanent residents. Riders from collegiate programs outside of the WCCC may compete in the collegiate category, but will not be considered for the championship omnium.

Race Notes

- Free track safety training available for collegiate racers prior to race. Contact coach@ucsdcycling.org for details.
- USA Cycling rules for track mass start racing will be followed
- Racers must have a valid one-day, USA Cycling Track or UCI Track license and present evidence of authorization at time of registration. One-day licenses are available for Cat 5 only.
- Contact track.captain@ucsdcycling.org for additional information
- Racers are not allowed to cross the track during racing. Please set up in the infield
- Races will be cancelled or rescheduled in case of bad weather
- Race promotor reserves the right to split or combine fields and adjust race distances to suit the time period available
