

# Membership List Agreement

USA Cycling is the not-for-profit national sports governing body recognized by the U.S. Olympic Committee and the International Cycling Union to govern competitive bicycling in the United States. USA Cycling consists of the disciplines of road, track, cyclocross, cross-country, downhill, dual slalom, observed trials, mountain cross, collegiate road, track and mountain biking, and professional-level road racing. Annual national USAC membership totals over 60,000 licensees and 2,200 clubs and event organizers in all 50 states.

Membership lists for all cycling disciplines are available for rental by USA Cycling clubs and event organizers at a discounted fee (see p. 3). Commercial businesses may also rent member names for direct mail purposes, but at the higher commercial rental rate. Member lists are only available in pressure-sensitive, peel and stick labels. USA Cycling contractors and local level contractors may request labels for official USAC business purposes only. The policies to obtain those labels outlined in this document remain in effect for those contractors although the fee may be waived or altered or the request denied. As our membership base tends to be transient, USA Cycling cannot guarantee the accuracy or veracity of any addresses contained in the Member list.
