Once the license is active, you simply click on the BMX homepage. On the far left side you will see an area called "**My USA Cycling**". Click on that link to create an account (unless you currently have one) and when you are finished, you will see the [2009 World BMX Challenge registration link](#).

- ONLY riders who have qualified AND have active BMX licenses will see the registration link.

The list of qualified riders will be listed on USA Cycling's BMX homepage and on the ABA BMX website at www.ababmx.com

Once you see the registration link you will notice the class category that you have qualified in. Follow the step by step directions and when you complete the process, you should receive a confirmation email.
