Venue

The event will be held at the U.S. Olympic training centre and their BMX Supercross replica track of the 2008 Olympics. The U.S. Olympic Training Center in Chula Vista is the first USOC training facility to be master-planned from the ground up and is dedicated to the development of America's future Olympic athletes. The year-round, warm-weather facility in Chula Vista, Calif., was a gift to the United States Olympic Committee from the San Diego National Sports Training Foundation, a group of dedicated business and community leaders, and volunteers who raised the funds to build the Center.

The Training Center rests on a 150-acre complex adjacent to Lower Otay Lake in San Diego County. The center has sport venues and support facilities for nine Olympic sports: archery, canoe/kayak, cycling, field hockey, rowing, soccer, softball, tennis, and track & field.
