-

Please note for 2008:

[Collegiate Licenses](#)—Primary Collegiate licenses are still the low \$30 annual fee or when purchased at the same time, a FREE add-on to a Domestic or International license. Take advantage and get them all at one stop. If you purchase licenses separately you may incur a \$15 processing fee.

[Collegiate Categories](#)—collegiate licenses will now display the collegiate category (A-D) that you race in. Please give special attention when renewing your license so the appropriate category is listed. If the auto-populated category should be something other than noted, an online request should be made immediately to avoid a license reissue fee. Please check the [Collegiate License Categorization](#) guidelines.
