

Hi everyone. My name is Matthew Fox and I am running for USAC Collegiate Male Athlete Trustee. I recently graduated from Midwestern State University with a degree in Sociology and a minor in Business Administration, and I'm currently looking for a job in human resources. I am also considering furthering my education by pursuing an MBA. I raced for Midwestern State University for all four years that I attended, on the track as well as on the road. I am originally from Highland Park, Illinois, which is strategically located within 45 minutes from of two different velodromes, the Ed Rudolph Velodrome in Northbrook, IL and the Washington Park Velodrome in Kenosha, WI. Needless to say, that is how I became interested in track racing and its been history ever since. My favorite race, hands down, has to be the Keirin, but I love sprinting in any form. The longer stuff I am not as crazy about, but who doesn't love a good Madison. Thanks for reading a little about me and I would appreciate your vote.
