

## INTERNATIONAL CYCLING UNION

To the National Federations / Aigle, April 2009

### 2010 UCI Mountain Bike International Calendar Registration – General Information

Dear Sir or Madam,

The following registration documents are available on the online registration system:

- 2010 UCI MTB International Calendar registration forms (encl. 1 and 2)
- 2010 UCI MTB World Cup Calendar
- 2010 National Championships registration form (encl. 3)

For your information, these documents have been sent directly to the organizers of the 2009 UCI MTB International Calendar. They have been asked to return the forms to their National Federation and we have underlined the fact that **each registration must be done by the National Federation through the online system by the 3<sup>rd</sup> of July 2009.**

Please pay particular attention to the following points:

- **National Championships:** the date, the venue, the format and the categories of your National Championships must be confirmed to the UCI via the registration form (encl. 3) in order to obtain the UCI points.
- **Date of events:** the 2010 UCI MTB World Cup Calendar must be respected in order to avoid any non tolerated date clashes according to Article 4.1.011.
- **Format and class of the event:**
  - An event can include different formats (XCO/XCM/DHI/4X). **All categories of one format must be registered in the same class (for example: all XCO categories in Class 1 and all DHI categories in Class 2).**
  - In the case of events including different classes, the calendar fee will be calculated on the highest class.
- **New event on the UCI International Calendar:**
  - A new event can only be registered in class 2 or 3 according to Article 4.1.011.
  - **A technical file must be enclosed to each new request together with the registration according to Article 1.2.009.**
  - **For each stage race event, a technical guide must be provided as per Article 4.2.064.**

- **«Hors Class» events:** events will only be given «Hors Class» status if the previous season's race had **30 foreign riders starting, representing at least 15 different nationalities (Article 4.1.011).**
- **«Under 23» category:** if an organizer ticks on the registration form the «Under 23» category (Men & Women), make sure that the organizer really intends to organize a separate «Under 23» event with specific points scale and prize money.
- **UCI MTB Calendar Fees:**
  - **2010 UCI MTB calendar fees have not changed from the 2009 fees.** You will find them on the UCI website: [www.uci.ch](http://www.uci.ch) / Publications / Financial obligations.
  - The fees are calculated as follows:
    - UCI MTB calendar fee as per the class of your event
    - For an extra day, an additional fee of 190 Euro (but not twice the price of the calendar fee).
  - **Unpaid invoices:**  
One of the requirements to enter an event on the International Calendar is the **payment of the invoices concerning the previous year events. The due amount must be settled by the 3<sup>rd</sup> of July 2009, otherwise we won't be able to include the events on the 2010 UCI MTB International Calendar.**
- **Practical guide for organizing HC, C1, C2 and C3 MTB events:** in order to assist you in the preparation and the success of your MTB event, you will find the practical guide on the UCI website: [www.uci.ch](http://www.uci.ch) / Publications / Documentation for organizers.

The International Calendar will be approved during the Management Committee of September 2009. **After the approbation of the Management Committee, no more registration will be registered.**

We remain at your entire disposal for any further information and we thank you for your collaboration.

Yours faithfully,

Peter Van den Abeele  
Sports Coordinator - Mountain Bike
