* Depends on UCI category and class and profile of the race.

** Numbers for NRC races are for each NRC category (men and women). If other amateur races are going on, additional officials will be assigned using the A-E columns as appropriate

*** NTC makes this assignment if this is a stage race, otherwise the RTC does

† For races with centerline rules, the combination of referees plus motorefs should equal the number of races on the course at one time.

For races with fields less than 20, a given official may be designated to float between two different groups.
