I. You Are Invited to Participate

A. Overview

The USA Cycling Junior Race Series is entering its 17th year in 2009. This program has been particularly successful over the years as the Lance Armstrong Junior Race Series (LAJRS) in providing racing opportunities for junior and espoir-aged young men and women. Thanks to Lance Armstrong and his generosity, and to the cooperation and hard work of the LAJRS event organizers and their staffs, the LAJRS program has evolved into a nationally recognized junior and espoir-aged race series. The number of designated events has increased each year since 1993, growing from only 12 events in ten states in 1993 to 141 events in 2008. This series will continue in 2009, and its success will depend upon the continued hard work of those race organizers who are involved.

B. USA Cycling Goals

Our immediate goal for the LAJRS series is to continue to grow the racing opportunities for juniors and espoirs by developing long-term partnerships with race organizers who will create safe and fun racing opportunities for boys and girls, young men and women.

The ultimate goal is to continue to increase the quantity and quality of road racing opportunities for USA Cycling licensed junior and espoir-aged riders in the United States, thus offering them the opportunity to pursue the dream of Olympic participation.

C. USA Cycling Objectives

The LAJRS program promotes quality junior and espoir age bicycle racing while providing opportunities for the success and advancement of developing riders. The program will increase the quantity and quality of USA Cycling licensed junior and espoir riders in the United States, creating a larger pool of talented athletes from which to draw National Team athletes. The program is part of a USA Cycling “athlete pipeline”. This “pipeline” provides a clear path for riders to follow from beginning racing experiences through training camps to National Teams.

D. Regional Camps

Athletes ages 14 to 22 will have the opportunity to qualify for USA Cycling Regional Camps by finishing in the top five places in each LAJRS race.

E. Requirements for LAJRS Designation

Along with providing a safe event, which includes races that are appropriate for different ages of riders, LAJRS event organizers will agree to provide as many racing opportunities for rider’s ages 10 to 22 as feasible. Priority should be given to those groups that will receive camp invitations. Details about **age-graded races** are on page 6 of this packet.

The organizer must also submit the results from the LAJRS races *electronically* to USA Cycling within **48 hours** from the end of the event. We are requiring this prompt and efficient method of submitting results in an effort to better serve the riders. This will enable us to quickly and accurately post the results on the USA Cycling web site.

F. Benefits for Race Organizers

The benefits package for race organizers is designed to reward successful events and to increase promotional exposure for their events. This can bring valuable exposure to events, which can increase the interest of sponsors and local media. Benefits are as follows:

- Use of the “Lance Armstrong” and “Junior Race Series” names

- Pre-event promotion on the USA Cycling web site (<http://www.usacycling.org>) Event organizer will furnish material for promotion.
- Promotion of events to cycling and non-cycling press by USA Cycling Communications Department.
- Use of USA Cycling and Junior Race Series logos for event promotion.
- Increased interest in the event by junior and espoir riders because of the LAJRS connection with the USA Cycling Results and Rankings Program and the USA Cycling Regional Camp Program.
- Post-event coverage on USA Cycling website. (Stories should be submitted electronically to Andy Lee at alee@usacycling.org with race results within 48 hours of the completion of the event.)

USA Cycling will provide:

- Medals to top 3 places in each junior category offered.

G. Application Deadline – February 27, 2008

Applications received after this date will be evaluated and considered for inclusion, but will lose the opportunity for full exposure along with the other races in the series. **Successful applicants will be notified via email no later than March 13th, 2008.** The 2009 LAJRS Calendar will be posted on the USA Cycling website on or before March 20, 2008.

II. Requirements for Designation

A. Event Designation Criteria

LAJRS applications will be evaluated and awarded based upon the following criteria:

- ❑ A review of the submitted application;
- ❑ The quality and safety of past events, with additional consideration for previous attendance and proposed prize list.
- ❑ The adherence to the designated requirements in past events;
Event location and date;
- ❑ No date conflict with other nearby LAJRS events in the same region;
- ❑ Reasonable race entry fees for junior riders (see Section B below);
- ❑ Ability to submit electronic formatted results on a timely basis;
- ❑ Supporting materials, such as event fliers and newspaper clippings from past events;
- ❑ Documentation of any extra considerations the race organizer offers the junior riders to help defray race-related costs. This may include housing in private homes, reduced race entry fees, free meals, special reduced rates at nearby motels, etc.

Note: It is understood that new races may not meet all of the above criteria.

B. LAJRS Rider Entry Fees

Entry fees for a LAJRS event should be reasonable and reflect what services and prizes participants receive. They should also be consistent with the average pricing of USA Cycling events in the region. To assist in the growth of the sport, organizers are strongly encouraged to offer juniors reduced entry fees of \$15 or less per day of racing.

C. USA Cycling Results and Rankings Program

Each LAJRS race is required to participate in the USA Cycling Results and Rankings Program. Participation in this program also allows your race's results to be posted on the USA Cycling website and ensure that rider's will be able to utilize your race toward their national ranking. More importantly, camp qualifiers are based on these results.

Further details on the Results and Rankings program may be found on the USA Cycling website.

D. Organizer Qualifications

USA Cycling event organizers or clubs who are applying for a LAJRS race designation must have demonstrated the ability to organize high quality, professional events. The applicant must have successfully followed the guidelines listed below:

- The director must be a member of a USA Cycling Club or an Event Organizer.
- The club and event organizer must be in good financial standing with USA Cycling.
- The LAJRS events must be permitted through USA Cycling.
- All State road, criterium and individual time trials that include juniors are encouraged to be a LAJRS event.

E. Organizer Requirements

In exchange for the benefits of LAJRS designation, race organizers will be required to meet the following requirements in service to the participating athletes:

- Provide a safe event
- Provide races which are appropriate in length and level of difficulty for the age of riders
- Include the suggested age-graded racing categories (see next page for details)

- Submit LAJRS results to USA Cycling *electronically* within 48 hours from the conclusion of the event (details follow)

F. Required Age-Graded Racing Categories

An official LAJRS event should provide the following racing *opportunities* and separate scoring for the following age groups. If it is not feasible for an event to have all of the following, the emphasis should be placed on the categories that receive development camp invitations*:

<u>MEN</u> (“Racing ages” used)	<u>WOMEN</u> (“Racing ages” used)
10-12	10-12
13-14	13-14
15-16	15-16
17-18	17-18
19-22 (cat 1, 2, 3 espoir)	19-22 (cat 1, 2, 3 espoir)

In the likely case of very small fields in the younger age categories listed above, **promoters may use their discretion** regarding combining age and gender groups. (As a kid, it’s no fun to race against one’s self!) BUT, the individual age and gender groups listed above **must be scored separately**. Please see below for examples of *possible* groupings. Mixed Groupings are only recommended for exceptionally small fields:

	<u>MEN</u>	<u>WOMEN</u>	<u>MIXED GROUPINGS</u>
Group 1:	10-12, 13-14	10-12, 13-14	M10-12; W10-12, 13-14
Group 2:	15-16, 17-18	15-16, 17-18	M13/14, 15/16; W15/16, 17/18
Group 3:	19-22	19-22	M17/18, 19-22*; W19-22*

- Race directors are urged to keep in mind the spirit of the Lance Armstrong Junior (Road) Race Series program and make the racing opportunities for the junior and espoir riders as fair and enjoyable as possible.
- Junior-only events need not include the espoir group (age 19-22).
- Riders may choose to race in more than one race or age category field during a LAJRS event. However, he/she must pay separate entry fees along with each race application. At the time of the race, the promoter may find it necessary to combine those two age groups that the rider has entered. If this is the case, the rider will automatically be “placed” according to his/her finish in his/her ACTUAL age category, UNLESS the rider has specifically requested being listed under the “older” age category prior to the race. (This is to avoid one rider taking everything.)

***Juniors: Automatic Athlete Development Camp Invitations are based on competitive race results from the following: At least one Top-5 finish from LAJRS or other similar caliber road events, or one or more Top-5 finishes from ADJM or other similar MTB events, both in the 15-18 age groups, or by permission based on race resume from the previous 12 months of racing prior to any camp. 14 year-old racing age athletes are eligible for camp invitation provided they have qualified racing in the 15-18 age group categories.**

If a junior athlete raced in any 2008 LAJRS or regional mountain bike event (AMBC, NMBS or any other large event) after June 1 in 2008 and placed top five in 15-16, or 17-18 categories, that athlete is automatically qualified to attend any regional development camp in 2009.

2009 LAJRS Application Form

- 1) Complete application. If all the information is not available at time of application submission, please indicate "unavailable."
- 2) Include event flier with application.
- 3) Submit 2009 LAJRS application and event flier to Tom Vinson, National Events Manager

Applications that are incomplete will not be considered for the 2009 Calendar

FAX: 719.434.4384

Mail: Tom Vinson, Attn: LAJRS Application, 215 USA Cycling Point, Colorado Springs, CO 80919

EMAIL: tvinson@usacycling.org

PLEASE PRINT CLEARLY:

A. 2009 Event Information

Name of Race: _____

Race Date: _____

Race Location: _____

USAC Organizer/Club: _____

Race Director: _____

Mailing Address (NO PO Boxes): _____

City: _____

State: _____ Zip: _____ Phone: _____

Phone number to be published: _____

Email: _____ Event Website: _____

Has this event been a LAJRS event before? Yes No

If yes, what years? (*highlight or circle appropriate years*)

1999 2000 2001 2002 2003 2004 2005 2006 2007 2008

Type of Event (*please check one or more*)

Criterium Road Race Time Trial Stage Race

Please indicate the racing categories to be offered:

Junior Men ___ 10-12 ___ 13-14 ___ 15-16 ___ 17-18 ___ 19-22

Junior Women ___ 10-12 ___ 13-14 ___ 15-16 ___ 17-18 ___ 19-22

C. Event Results

Results must be complete and submitted in the electronic format within 48 hours from the end of the event (as described with Results and Rankings Program.)

If you have any problem complying with this, please contact the USAC Results and Ranking Manager.

USA Cycling requires that event results for LAJRS events be submitted to USAC for posting to the USA Cycling web page and for awarding Results and Rankings Program ranking points to USA Cycling licensed riders. All results should be submitted within 48 hours following the conclusion of the event.

Do you plan on using an electronic timing and results system? YES NO

For electronic results, what is the name of the event computer specialist or Timing Company who will be responsible? _____

Telephone: _____ E-mail address: _____

Results web site address: _____

G. Limited Liability

USA Cycling reserve the right to use information provided in your application to promote your LAJRS event in our member publication and Internet web page. For that reason, it is important for you to be accurate in the date and description of your event. Please submit any changes in the date(s) of your event to USA Cycling promptly.
