

**Q: Do I need to have a racing license?**

**A:** *Yes. You need to have either a USA Cycling Collegiate racing license. The racing license will cost a greatly reduced \$30. (Or you can buy a one day racing license at the race for \$10.)* It can be costly buying one day licenses, so USA Cycling will allow you to apply the cost of one, one -day license fee to your permanent collegiate license. You can only apply 1/one day fee to your annual license.

You can even add an USCF or NORBA add-on for 30 bucks. Go to [USACycling.org](http://USACycling.org) and create an on-line account. It's easy and it's fast.

Plus, All licensed collegiate riders also get an opportunity to subscribe to Velonews, 10 issues for \$15.
