

NEW *Series Registration for 2014 Illinois*

State Championship MTB Race Series

You must register for the series to be included in the 2014 series standings. No series registrations will be accepted after the 4th series race, the Jubilee Challenge on June 22nd. Number plates will be available for pick up at any of the first 4 races.

Online Registration for the series is \$10, from March 1st to June 20th. Race day registration for the series is \$15. Register at any of the first 4 races.

Note: Even if you have a series registration, you still must register for each race. No series registration is available after June 22nd. You **must** register for the series for your prior races to count towards your series points.

Series Benefits

- We track your race results, compile your points, and include you in the series standings throughout the year. You can find your series standing on the Standings tab. If you don't register with the series, you are only included in the individual race results on the Results tab.
- You get a permanent number plate and use the same number for each race excluding Palos. The timing chip is attached to the back of the number plate
- You are eligible for the end of year series awards. Note: If you complete any races prior to registering with the series, those races are included in your series points. For example, if you race in the 3rd Series race and then decide to register for the Series, the points from the first 3 races will count towards your series points.

Series Awards

The final XC event will be Saturday September 20th at the Farmdale Festival where the prizes will be awarded and champions crowned. USA Cycling IL State Championship medals will be awarded to the top 3 in each category and age division. Trophy and prizes will go to the top 3 overall in each category: Juniors, Novice Men and Women, Sport Men and Women, Expert Men and Women.

Medals, Trophies and Prizes will be awarded at the conclusion of the final race at the Farmdale Festival.

Series Points

A rider's best 6 finishes out of the 11 Illinois State Championship Series races will be used to calculate a series point total.

Series Bonus Points

Your best 6 race results count towards your overall standing points. If you participate in more than 6 races, you are awarded 5 bonus points for each additional race you finish.
