

BEGINNING RACER PROGRAM - *Junior Racers*

Tailored for Juniors and introductory bike racers. No prior race experience needed!

Ever considered trying bike racing for the first time? Want to be more comfortable riding in a large group? This clinic is the perfect way to enter the sport under professional and supportive supervisions. This version of the Beginning Racer Program targets Junior riders as well as other novice riders seeking to learn. *This series is a fund-raiser for the GS Andiamo Junior Cycling Development Program, which is dedicated to building the next generation of cyclists.*

What is the Beginning Racer Program?

The Beginning Racer Program is a 5-week series of clinics with professional coaches, designed to help new racers get the essential skills they need to become comfortable competing in bike racing. The curriculum covers: Basic Pack Skills, Cornering, Pack Awareness, Sprinting Basics, and Bringing it all Together.

Each day consists of a professionally coached on-the-bike clinic followed by a training race and post-race discussion.

What are Fundamentals?

In addition to the Beginning Racer Program curriculum we are also covering fundamental bicycle handling skills that will provide the basic elements important to rider confidence and development. Each day we will cover a number of individual riding skills that are designed to improve rider confidence and skill.

Who can attend?

Although this Beginning Racer Program is focused on Junior Cyclists, All non-licensed (first-time racers) and Male Cat. 5 /4 or Female Cat. 4/3 racers are welcome to attend. All licensed riders will receive TWO upgrade points toward their cat. 4 (male) or cat. 3 (female) upgrade for attending the clinic.

If you are not a USA Cycling license holder you will need to purchase a one-day license for each day of the event.
